BALLING AND BURLAPPING

(B & B)

“THE GRIFFING WAY”

In digging our plants, we do not spade them out and tie burlap around the loosened soil. Our soil is composed mainly of Lake Charles Loam, a heavy black soil which insures an unbroken ball in our digging process. Our 240 acres are irrigated, when necessary, from the Lower Neches Valley Authority Canal. Pruning goes on constantly during the summer months which insures a maximum amount of growth at the time of transplanting.

Because of the manner in which we dig our trees and shrubs, we are able to ship plants throughout the entire year. During the summer months, we put our plants through a “curing” process in order to reduce wilt and shock to an absolute minimum.

We at Griffing's welcome the opportunity to be of any assistance whatever in helping you secure any nursery stock you may be seeking. Please write us.

Sincerely,

RALPH C. GRIFFING
Owner and Manager

Please Read Carefully Before Ordering

This price list supersedes and cancels all outstanding prices of previous catalogues and sale lists. Prices and terms of sale as outlined in this catalogue are subject to change without notice.

●

All orders are final and are not subject to cancellation except upon the condition that they shall be void should injury befall the stock. No discounts will be allowed from the prices listed in this catalogue.

●

Cash must accompany each order unless credit has previously been established.

All deliveries are payable in full at the time of delivery. Cash payments or payments in full are final and are not subject to refund except in cases of overpayment.

●

We give no guarantee, expressed or implied, as to the life or productiveness of our stock, as we have no control over after-treatment or weather conditions. We exercise every effort to keep the varieties true to name. We are not responsible for stock purchased and left in our nursery, nor will we be liable in any case for any amount greater than the deposit or purchase price in case of frost, fire, flood, etc. or any other damage beyond our control.

All prices F.O.B. Nursery, Beaumont, Texas.

Delivery prices quoted upon request. In the event of shipment by common carrier all shipments are made from Beaumont, Texas, and travel at the risk and expense of purchaser. Complaints regarding conditions of plant material caused en route will be given careful attention. All claims must be made not later than five (5) days after receipt of shipment. **Be sure to have exceptions for damage noted on transportation receipt at the time of delivery.**

●

This catalogue lists only the plant material which we have on hand in quantity. If you do not find your wants listed here, please write us. We have a number of fine specimen shrubs and trees available. If we do not have it, we will make every effort to secure any tree or shrub requested.

●

Our landscape department is available to the trade for the purpose of preparing professional landscape plans. Details available upon request. If your landscape architect desires a particular specimen or a sculptured tree to do an outstanding job, we invite you to correspond directly with our landscape department with the assurance that personal attention will be given your request.
